I have known socialized and collaborated with Steve Sherman for probably three decades. He has a dedicated photographer for that entire time. He has been an engaged member of ASMP/New England for many years and has served in many roles on the board and even as president. His knowledge of the business and art of photography has no equal. He would be a tremendous asset to the ASMP board of directors and would contribute in championing its membership through many of the challenges and problems facing the working photographer today.

Hello,

I endorse Stephen Sherman for the ASMP National Board.

I have known him since 2006.

We served on the ASMP New England board together, and have referred clients to one another.

Steve started the ASMP NE mentorship program, along with a monthly breakfast group, which has a theme to keep our creative juices flowing.

He easily reaches out to other people and organizations to collaborate. He launched a positive connection with AIGA that has led to joint member programs. Steve is confident, inclusive, creative and open to new ideas.

Please feel free to contact me with any questions.

Sincerely,

Lynne ;)

To Whom it May Concern,

Stephen is a tireless advocate for ASMP, first as programs director, then as president of the New England chapter. During his presidency, the chapter thrived and signed up close to 100 new members. His enthusiasm for ASMP as an organization has been at 110% during his membership, which is why I believe
