Tom Donley Endorsement of Frank Rocco

I would like to endorse Frank Rocco for re-election to the ASMP national board. He has been a dedicated ASMP leader for well over a decade, understands who we are, our governance or culture our business at large and has been a very effective liaison and advocate for our local board. I would very much like to see his role continue on the national board, so he can continue to contribute in all the ways that he can be tapped to do so.

I appreciate Frank Rocco having the opportunity to run again!

Gail Mooney Endorsement of Frank Rocco

I've known Frank For many years, first as a member in the New York chapter when Frank was chapter president. Later we both served on the national board together. Frank is a great advocate for photographers and has always gone the extra mile. He is knowledgeable and a hard worker always stepping up to face the hard stuff. Frank is a "doer" and we are lucky to have him on the team. I enthusiastically endorse Frank for the national board.

Irene Owsley Endorsement of Frank Rocco

I am pleased to endorse Frank Rocco for a second term to the national board of ASMP. We not only worked together while he was President of the NY chapter but we collaborated on the

national board's Membership Committee and I always appreciated his straightforward and hard-hitting approach to issues and problems. As a team player, he's ready to tackle anything.
